Dear Ms. Boyer-Vine and Messrs. Schmidt and Wilson:

California's Government Code Section 16724.4 requires the lead State agency administering any
State bond measure approved after January 1, 2004, to provide an annual report to the California State
Legislature with a list of projects funded from bond proceeds. The list is to identify the geographic
location, the amount of funds allocated, and the status of each project. The California Department of
Transportation (Department) is the administering agency for the Proposition 1B Public Transportation
Modernization, Improvement, and Service Enhancement Account (PTMISEA). The PTMISEA
includes $4 billion with $400 mission allocated to the Department for Intercity Rail and $3.6 billion
to be allocated to regional agencies and transit operators for transit systems.

The full $400 million (less administrative costs) from the PTMISEA has been committed to Intercity
Rail projects that will commence construction or procurement activities between August 2008 and
December 2011. A total of approximately $849 million has been allocated to regional agencies and
transit operators that are currently underway. The attachments provide a list of the projects receiving
this funding.

Distribution to the Legislature has been made by the Department pursuant to California Government
Code section 9795. This report can be found at www.dot.ca.gov/reports-legislature.htm.

Sincerely,

CINDY McKIM
Director
